

Environmental Protection Agency Internet Information

EPA Region 2

While Freedom of Information Act (FOIA) requests will be honored by directly writing to Region 2, EPA provides an increasing amount of environmental media information, and other Regional activities via Internet at <http://www.epa.gov>.

Region 2 has provided a FOIA Web site <http://www.epa.gov/region02/foia/> with several online databases from which the environmental information can be retrieved.

- **"Frequently FOIAed Files"** Web site <http://www.epa.gov/region02/foia/fff.htm> covers RCRA and many other media Programs. Through this Web site, you can learn about each media Program, associated databases, and special points of interest. In particular, the ability to "directly download" all of the most commonly requested Region 2 Export Files (.xls) and Reports (.pdf) - all compressed for quicker downloading.

EPA Region 2 has established a **list of contaminated facilities** that are a high priority for cleanup in New York, New Jersey, Puerto Rico and the U.S. Virgin Islands. You can view each facility fact sheet at <http://www.epa.gov/region02/cleanup/sites/>

EPA- Headquarters

- **Envirofacts Data Warehouse** Web site <http://www.epa.gov/enviro/index.html> is a one-stop source to the environmental information. This Web site provides access to several EPA databases with information about environmental activities that may affect air, water and land anywhere in the United States.
- **"My Environment"** Web site <http://www.epa.gov/myenvironment> is a powerful tool that provides a wide range of federal, state and local information about environmental conditions and futures in an area of your choice.
- **The Enforcement and Compliance History Online (ECHO)** Web site <http://www.epa.gov/echo/> provides a list of all inspections and enforcement under most of the environmental statutes.
- **Right-To-Know Network (RTK Net)**, a non-EPA Web site <http://www.rtknet.org/> on-line query engine provides free access to numerous databases and resources on environment.
- **National Biennial RCRA Hazardous Waste Report** Web site <http://www.epa.gov/epaoswer/hazwaste/data/biennialreport/index.htm> provides documents and data on hazardous waste reports.
- **Conditionally Exempt Small Quantity Generators** Web site <http://www.epa.gov/osw/hazard/generation/cesqg.htm> provides information on Conditionally Exempt Small Quantity Generators.

Region 2

ACKNOWLEDGEMENT OF NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

06/30/2005

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

10. Type of Regulated Waste Activity
Mark "Yes" or "No" for all activities; complete any additional boxes as instructed. (See instructions on pages 17 to 20.)

A. Hazardous Waste Activities
Complete all parts for 1 through 6.

☒ ☐ **1. Generator of Hazardous Waste**
If "Yes", choose only one of the following - a, b, or c.

☐ a. LQG: Greater than 1,000 kg/mo (2,200 lbs./mo.) of non-acute hazardous waste; or

☐ b. SQG: 100 to 1,000 kg/mo (220 - 2,200 lbs./mo.) of non-acute hazardous waste; or

☒ c. CESQG: Less than 100 kg/mo (220 lbs./mo.) of non-acute hazardous waste

In addition, indicate other generator activities.

☐ ☒ d. United States Importer of Hazardous Waste

☐ ☒ e. Mixed Waste (hazardous and radioactive) Generator

☐ ☒ **2. Transporter of Hazardous Waste**

☐ ☒ **3. Treater, Storer, or Disposer of Hazardous Waste (at your site)** Note: A hazardous waste permit is required for this activity.

☐ ☒ **4. Recycler of Hazardous Waste (at your site)**

☐ ☒ **5. Exempt Boiler and/or Industrial Furnace**
If "Yes", mark each that applies.

☐ a. Small Quantity On-site Burner Exemption

☐ b. Smelting, Melting, and Refining

☐ ☒ **6. Underground Injection Control**

B. Universal Waste Activities

☐ ☒ **1. Large Quantity Handler of Universal Waste** (accumulate 5,000 kg or more) [refer to your State regulations to determine what is regulated]. Indicate types of universal waste mark all boxes that apply:

	<u>Manage</u>
a. Batteries	<input type="checkbox"/>
b. Pesticides	<input type="checkbox"/>
c. Mercury containing equipment	<input type="checkbox"/>
d. Lamps	<input type="checkbox"/>
e. Other (specify)	<input type="checkbox"/>
f. Other (specify) _____	<input type="checkbox"/>
g. Other (specify) _____	<input type="checkbox"/>

☐ ☒ **2. Destination Facility for Universal Waste**
Note: A hazardous waste permit may be required for this activity.

C. Used Oil Activities
Mark all boxes that apply.

☐ ☒ **1. Used Oil Transporter**
If "Yes", mark each that applies.

☐ a. Transporter

☐ b. Transfer Facility

☐ ☒ **2. Used Oil Processor and/or Re-refiner**
If "Yes", mark each that applies.

☐ a. Processor

☐ b. Re-refiner

☐ ☒ **3. Off-Specification Used Oil Burner**

☐ ☒ **4. Used Oil Fuel Marketer**
If "Yes", mark each that applies.

☐ a. Marketer Who Directs Shipment of Off-Specification Used Oil to Off-Specification Used Oil Burner

☐ b. Marketer Who First Claims the Used Oil Meets the Specifications

11. Description of Hazardous Wastes (See instructions on page 21.)

A. Waste Codes for Federally Regulated Hazardous Wastes. Please list the waste codes of the Federal hazardous wastes handled at your site. List them in the order they are presented in the regulations (e.g., D001, D003, F007, U112). Use an additional page if more spaces are needed.

D001	D002	D007	D009	D011	F003	

B. Waste Codes for State-Regulated (i.e., non-Federal) Hazardous Wastes. Please list the waste codes of the State-regulated hazardous wastes handled at your site. List them in the order they are presented in the regulations. Use an additional page if more spaces are needed for waste codes.

12. Comments (See instructions on page 21.)

13. Certification. I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

For the RCRA Hazardous Waste Part A Permit Application, all operator(s) and owner(s) must sign (see 40 CFR 270.10 (b) and 270.11). (See instructions on page 21.)

Signature of operator, owner, or an authorized representative	Name and Official Title (type or print)	Date Signed (mm/dd/yyyy)

ENVIRONMENTAL AFFAIRS

December 4, 1980

Mr. Harry Ruisi
USEPA, Region II
Information Service Center
26 Federal Plaza
New York, NY 10007

Re: RCRA Hazardous Wastes Program
Notification of Activity (Delayed)

Dear Mr. Ruisi:

Reference the subject matter, enclosed are USEPA Notification Forms No. 8700-12(6-80) covering two (2) Borden operations located within USEPA Region II and are identified per attached listing.

Upon our recent review of our Corporate files covering the RCRA Hazardous Wastes Program, we found that the two (2) attached filings were inadvertently omitted from our initial filings of August 12, 1980. Please note both locations are declared to be Generators only on the basis that on occasion, our food plant process clean up operations may develop momentary wastewater pH excursions outside the 2.0 to 12.5 limits prior to discharge to the local POTW's. Both locations do not either transport off-site or treat-store-dispose on-site any quantities of hazardous wastes as currently defined in USEPA's RCRA regulations and therefore need not file for applicable Permits.

We sincerely regret our oversight and error in neglecting to submit these notifications prior to the original filing deadline date of August 18, 1980 and further trust that these delayed submittals will be found to be in order. However, should you have any questions pending your review of the attached, please do not hesitate to contact us at the above letterhead location.

We will await your advices and/or notification of "EPA I.D. No." assignments for each of the enclosed.

Very truly yours,

Louis Janik

22 JUN 1983

Mr. Louis Janik
Borden Incorporated
165 N. Washington Avenue
Columbus, Ohio 43215

Subject: Your letter of April 11, 1983
Change in RCRA Regulatory Status

Dear Mr. Janik:

The US Environmental Protection Agency (EPA) is in receipt of your April 11, 1983 letter and two previous letters dated December 10 and July 30, 1982. Our records were changed to reflect the exemptions claimed by each of your earlier letters; however, due to the large volume of mail EPA was coping with, a formal, written response was not possible. The purpose of this letter is to acknowledge the status of each Borden operation identified by your letters.

Based on the contents of these letters, EPA revised its records to denote Borden, Inc., located at each location identified by your December 10, 1982 and April 11, 1983 letters, as a non-handler of RCRA hazardous waste. Thus, all EPA ID Numbers associated with these locations have been invalidated. Should Borden again require an EPA ID Number at anyone of these locations, it must re-notify using EPA's Notification of Hazardous Waste Activity form. Attached is a list of the Borden operations affected by this change.

Also, in spite of your previous correspondence to EPA, Borden's receipt of an EPA annual report form for each non-regulated site was not a mistake. EPA's annual report project was an attempt to gather and verify data from regulated and exempt RCRA notifiers. Please respond to any future mailing sent to an exempt location by completing the Non-Regulated Status sheet.

Mr. Tom Taccone of my staff at (212) 264-9880 will answer any other questions you may have on this matter.

Sincerely yours,

Richard A. Baker
Chief
Permits Administration Branch

Re: RCRA Hazardous Waste Program
1981 Annual Reports
Requests for Cancellation of Generator Status

Gentlemen:

Reference Mr. J. H. Skinner's letter of request dated November 5, 1982 concerning RCRA 1981 Annual Report submittals, please be advised as follows:

- In accordance with the initial RCRA Hazardous Waste Program Rules as were promulgated in the Federal Register of May 19, 1980, most Borden Inc., Consumer Product Division plants consisting primarily of dairy and food product plants filed for Generator (only) status for reasons as follow.
- Typical dairy and food product plants require daily processing equipment, piping, tankage, etc. cleanup procedures utilizing various acid and caustic cleaning solutions of varying pH levels in various mixing, holding, pumping and neutralizing systems prior to sewerage the spent cleanup solutions, generally to local POTW systems.
- The initial May 19, 1980 USEPA/RCRA Rules required RCRA regulation of such typical "in-plant pH vessels, tankage and pipings"... and accordingly, Borden submitted the required Notification of Activity Forms declaring a number of such plants to be Generators of "pH-corrossively hazardous waste", solely on the basis of their in-plant cleaning solution pH levels.
- However, subsequent USEPA regulatory amendments and clarifications have since exempted such "elementary pH systems" from RCRA regulation conditional upon an installation maintaining a final wastewater discharge pH level within the range of greater than 2.0 and less than 12.5 SU. It has since been determined

that all Borden Inc., Consumer Product Division plants previously declared to be RCRA Generators solely on the basis of their in-plant cleaning solution pH levels do maintain their final wastewater discharge pH levels within this range ... and accordingly are exempt from RCRA regulations under current RCRA rules.

- In this regard, many of such Borden plants continue to receive inquiries, questionnaires, etc. including this latest (Mr. Skinner's November 5, 1982 letter requesting submittal of the 1981 Annual Report)...despite several of our previous notifications to USEPA to cancel Generator status for such Borden plants as have been determined to be exempt from RCRA regulation per the above.
- In the interests of once more attempting to eliminate all the resulting but unnecessary and burdensome paper work exchanges between USEPA and Borden, we are taking this opportunity to both respond to Mr. Skinner's request and to also repeat our previous requests to withdraw the initial Activity Form notifications and to cancel Generator status/identify for all of the Borden installations as listed on the attached sheet. Please find enclosed the one page response sheet covering each of the exempted, non-regulated Borden installations as listed.

Ø

We trust the above and attached will be found to be in order pending your review, and further that the Agency will proceed to remove the listed plants from any and all RCRA Generator master listings and/or computer data banks and will further proceed to so notify any and all State Agencies having interest or jurisdiction in the matter.

In conclusion, we would greatly appreciate receiving Agency confirming notices for all Generator status/identity cancellations as herein requested "for the record".

Very truly yours,

Louis Janik

NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

INSTRUCTIONS: If you received a preprinted label, affix it in the space at left. If any of the information on the label is incorrect, draw a line through it (and supply the correct information in the appropriate section below. If the label is complete and correct, leave Items I, II, and III below blank. If you did not receive a preprinted label, complete all items. "Installation" means a single site where hazardous waste is generated, treated, stored and/or disposed of, or a transporter's principal place of business. Please refer to the INSTRUCTIONS FOR FILING NOTIFICATION before completing this form. The information requested herein is required by law (Section 3010 of the Resource Conservation and Recovery Act).

PLEASE PLACE LABEL IN THIS SPACE

**ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)**

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

Report Description

This report presents available information from the Resource Conservation and Recovery Act Information System (RCRAInfo) about compliance evaluations, violations, and enforcement actions meeting the criteria supplied by the user. Evaluations showing no violations does not always indicate that no violations were determined. Violation without enforcement actions does not always mean no enforcement action will be issued. In order to avoid releasing enforcement sensitive information to the public the following information is not shown on the report: pending civil / judicial referrals, criminal actions and referrals, and State to EPA referrals; all other enforcement actions are released.

FOIA Report of Non-Sensitive Compliance Monitoring and Enforcement Data

Report run on: March 9, 2015 - 4:08 PM

Page 3

Description of codes used on the report:

Universes	Description of Universes
Generator	Indicates that the facility is a Large Quantity Generator (LQG), Small Quantity Generator (SQG), Conditionally Exempt Small Quantity Generator (CEG), or not a generator (N).
Transporter	Indicates that the facility Transports waste subject to RCRA regulations. ('Y' indicates that the facility is in this universe).
Operating TSDF	Indicates that the facility is a Treatment, Storage or Disposal facility subject to any type of enforcement. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment)
IC in Place	Indicates that the facility has Institutional Controls in place. ('Y' indicates that the facility is in this universe).
EI Indicator (HE / GW)	Indicates that the facility has controls in place for Environmental Indicators. HE - Human Exposures ('+' indicates the exposure exists and is under control; '-' indicates the exposure exists and is not under control; 'N' indicates the exposure does not exist) GW - Groundwater Release ('+' indicates the exposure exists and is under control; '-' indicates the exposure exists and is not under control; 'N' indicates the exposure does not exist)
Short-Term Gen	Indicates that the facility is a short term or one time event generator and not generating from ongoing processes.
Transfer Facility	Indicates that the facility transfers hazardous waste.
Offsite Receiver	Indicates that the facility, whether public or private, currently accepts hazardous waste from another site (site identified by a different EPA ID).
HSM	Indicates that the facility manages hazardous secondary material(s) (e.g. spent material, by-product or sludge) that when discarded, would be identified as hazardous waste.
Subpart K	Indicates that the facility has opted into the subpart K laboratory rule. It then specifies the type of facility (C - College or University; H - Teaching Hospital; N - Non-profit Research Institute; W - withdrawal from the rule)
Full Enforcement	Indicates that the facility is a Treatment, Storage or Disposal facility which is part of the Full Enforcement universe. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment)
CA Workload	Indicates that the facility is part of the Corrective Action Workload universe. ('Y' indicates that the facility is in this universe).
Active State Gen	Indicates that the facility is an Active State Generator. ('Y' indicates that the facility is in this universe).
Converter	Indicates that the facility is a Converter Treatment, Storage or Disposal facility. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment)
State TSDF	Indicates that the facility is a State Treatment, Storage or Disposal facility. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment)
State Unaddressed SNC	Indicates that the facility is a State Unaddressed Significant Non-Complier. ('Y' indicates that the facility is in this universe).
State Addressed SNC	Indicates that the facility is a State Addressed Significant Non-Complier. ('Y' indicates that the facility is in this universe).
State SNC w/ Compl. Sched	Indicates that the facility is a State Significant Non-Complier with a Compliance Schedule. ('Y' indicates that the facility is in this universe).
EPA Unaddressed SNC	Indicates that the facility is an EPA Unaddressed Significant Non-Complier. ('Y' indicates that the facility is in this universe).
EPA Addressed SNC	Indicates that the facility is an EPA Addressed Significant Non-Complier. ('Y' indicates that the facility is in this universe).
EPA SNC w/ Compl. Sched	Indicates that the facility is a EPA Significant Non-Complier with a Compliance Schedule. ('Y' indicates that the facility is in this universe).

* Note: Penalty amount may not reflect all violations cited.

FOIA Report of Non-Sensitive Compliance Monitoring and Enforcement Data

Report run on: March 9, 2015 - 4:08 PM

Page 4

Description of codes used on the report:

ACCESSIBILITY - indicates the reason why the handler is not accessible for normal RCRA tracking and processing (previously called Bankrupt Indicator):	
Code	Description
B	indicates that the handler has filed for bankruptcy and bankruptcy litigation is in process.
C	indicates that all RCRA responsibilities for permitting/closure, corrective action, and compliance monitoring and enforcement at the facility have been formally transferred to the CERCLA program or state equivalent.
F	indicates that all responsible parties (owners/operators) for the handler have fled the country or are otherwise not available for prosecution.
L	indicates that the handler's case is tied up in litigation to the extent that further progress in achieving RCRA compliance through normal enforcement is not possible.

NON-NOTIFIER - indicates that the handler has been identified through a source other than Notification and is suspected of conducting RCRA-regulated activities without proper authority:	
Code	Description
E	indicates that the handler was initially a non-notifier, subsequently determined to be exempt from requirements to notify.
O	indicates that the handler is a former non-notifier.
X	indicates that the handler is a non-notifier.

Evaluation Type	Type Description
CDI	CASE DEVELOPMENT INSPECTION
CEI	COMPLIANCE EVALUATION INSPECTION ON-SITE

* Note: Penalty amount may not reflect all violations cited.
